Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

My family uses the TracFone service for emergencies and to stay in touch with our 17 year old daughter, who has multiple medical problems. Our medical bills are crushing. We do not use our phone for interstate calls. We use it locally. A dollar is of small account to some, but to many Americans, a buck is still a buck. Leave the regulations as they are.
